**IV THERAPY**  
SKIN CARE

## WHAT IS IV NUTRIENT THERAPY?

IV therapy consists of a "cocktail" designed for almost any condition. IV therapy provides nutrients which quickly travel intravenously in order to achieve a healthier lifestyle.

## WHAT DOES IV THERAPY HELP WITH?

IV therapy helps and supports:

- Anti-aging
- Allergies/asthma
- Athletic performance
- Chronic fatigue and brain fog
- Detoxification
- Energy improvement
- Hangovers
- Headaches and migraine
- Improves immunity

## HOW LONG IS EACH THERAPY?

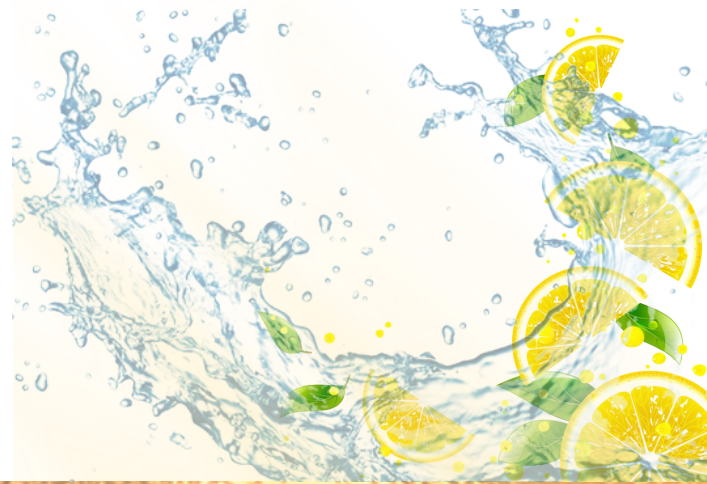

Depending on the cocktail you choose, each therapy varies from 15-90 minutes.

## WHO WILL BE ADMINISTERING EACH TREATMENT?

Each treatment will be administered by a Registered Nurse (RN).

## HOW MANY SESSIONS WILL I NEED TO SEE RESULTS?

Results are seen after the first therapy. IV provides benefits that will achieve lasting effects.
